

2025 City Resident Downtown Parking Waiver Application

Any current City of St. Joseph resident can receive a parking waiver that allows free parking in any of the downtown lots during the City's Downtown Parking Program, from the Friday before Memorial Day to Labor Day annually.

On-street paid parking in the downtown district is not waived as part of this program.

Proof of residency is required. Residents requesting waivers for more than two vehicles are also required to provide proof that the vehicles are registered to the applicant or a member of the same household.

For more information, please review the City Resident Downtown Parking Waiver policy.

Please note that any City of St. Joseph resident who has already been issued a Parks Parking Pass for the 2025 summer season does not need to separately apply for this waiver. All vehicles approved for a Parks Pass will be issued a City Resident Downtown Parking Waiver for the 2025 summer season.
